

# Financial Aid Next Steps

## Accepting Your Aid Offer

Your grants and scholarships are automatically accepted. Federal work-study and/or loans may be accepted, declined or reduced by logging into your GoUIW portal. *Note: The UIW Helpdesk previously sent your username and initial password to your personal email address. Follow the instructions in that email to change your password and access your GoUIW account.*

After logging into [go.uiw.edu](http://go.uiw.edu), click on “My Financial Aid” on the Financial Assistance card. If you have incomplete tasks, please complete them as soon as possible. Visit [bit.ly/view-aid](http://bit.ly/view-aid) for access and step-by-step instructions.

## Scholarships and Grants (Gift Aid)

Scholarships are awarded based on academic excellence, performance in a specific activity (e.g., fine arts, athletics) or other criteria and do not need to be repaid. Outside scholarships can be submitted in person or mailed to:

**University of the Incarnate Word**  
Office of Financial Assistance  
4301 Broadway, CPO 308  
San Antonio, TX 78209

Visit [uiw.edu/scholarships](http://uiw.edu/scholarships) for a list of current scholarship applications.

Grants are need-based federal and state funds that you do not have to repay. Funds are available to eligible students based on financial need and level of enrollment. Grants are allocated to colleges in yearly, limited amounts and are typically awarded to eligible students upon the completion of the FAFSA.

You should always use the full amount of any available grants, scholarships and/or discounts before utilizing student loans. Make a virtual or in-person appointment with us at [bit.ly/uiw\\_ofa](http://bit.ly/uiw_ofa) to go over your estimated costs and aid options.

## Federal Work-Study and Student Employment

You can find on-campus employment opportunities to help earn money to pay for educational expenses. To qualify for work-study, you must demonstrate financial need determined by the FAFSA. Visit [jobs.uiw.edu](http://jobs.uiw.edu) to apply for an on-campus job.

## Federal Direct Student Loans

Subsidized and Unsubsidized Federal Loans are student loan options to assist with your bill after gift aid. These loans are not credit-based and the amounts are based on your classification. Repayment begins six months after you graduate or drop below half-time (six credit hours).

### Subsidized Loan

- Offered to students with financial need, determined by FAFSA.
- Government pays interest while you are attending at least half-time or during deferment.
- Payments begin after you graduate.

### Unsubsidized Loan

- Offered to students who submit a FAFSA. Financial need is not required.
- Accrues interest while you are attending school as well as during deferment.
- Payments begin after you graduate or drop below six credit hours.

## Understanding Your Aid

Your notification of aid offer is valid for the 2026 - 2027 school year only. If your financial circumstances are similar each year, chances are your financial aid awards will remain similar for future years. However, that is not guaranteed. You must submit your Free Application for Federal Student Aid (FAFSA) each year.

## Special Circumstances

We recognize there are times when your (or your parent's) tax information reported on the FAFSA may not accurately reflect your household's current financial situation. You may submit a Special Circumstances form to see if adjustments can be made to your FAFSA data. Visit [bit.ly/fin-special](http://bit.ly/fin-special) for more information.
